

Library Technology Policies

The Sedalia Public Library provides free internet access in order to meet the informational needs of the community. The public computers are available on a first-come, first-served basis. The library cannot guarantee confidentiality or safety on the internet. The library is not responsible for the content available on the internet and assumes no responsibility for the use of information obtained from the internet.

Public Computers & Wireless Internet Access Policies:

1. To use a computer, library patrons should check in with their library card at the front desk. Patrons may use the computers for a two-hour session. Longer sessions are acceptable if computers are available.
2. Guest users should check in at the front desk and get a "guest pass" to use a computer. Guests are limited to one-hour session per day (exceptions can be made if computers are available).
3. Wireless internet can be accessed through a passcode found at the desk.
4. Users under 18 must have parental permission on file with their registration in order to use the public internet computers or to use WIFI. There are children's computers (downstairs) that do not have internet access, which feature educational games that parents should monitor. These programs are designed for early learners.
5. Anyone using the library's public access computers, WIFI, hardware, software or documentation do so at their own risk. The library does not accept responsibility for injury to or loss of documents or personal devices. Users are responsible for their own work and for asking for assistance when needed.
6. Personal files or software cannot be saved on the hard drives of any library computers. A personal USB should be used to save documents.
7. Only computer equipment and software installed by the Sedalia Public Library may be used on library computers. Adding, deleting or modifying existing hardware or software is not permitted.
8. It is illegal to copy software programs protected by copyright laws. Computer and internet settings should not be changed.
9. Printing from public computers cost 10 cents for Black and White & 25 cents for color. Patrons should pay for all copies, even ones they discard. Printing from WIFI is available through personal USB. Patrons may also print from the SPOT mobile app.

Internet Provider: Sedalia Public Library provides access to the Internet through MOREnet (Missouri Research and Education Network) an electronic information network serving public libraries, educational institutions, and governmental agencies. As a member of MOREnet, the library must conform to its Use Policy.

Acceptable Use:

All Internet use shall be for research, education, local, state or governmental affairs, economic development, or public service.

Unacceptable Use:

It is not acceptable to use the Internet for purposes that violate any Federal or state law. It is not acceptable to use it in a manner that is harmful or harassing to others. Any use that disrupts normal network use and service is prohibited. This would include such things as introducing computer viruses, violation of personal privacy, and the unauthorized access to protected and private network resources. It is not acceptable to use MOREnet for commercial solicitation of business.

Filtering and Harmful to Minors Policy:

Access to the internet through the library must be used in a responsible manner, respecting the rights of others and taking care of the equipment.

As required by the Children's Internet Protection Act (CIPA), all internet-accessible computers are filtered with a technology protection measure to block access to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors.

Failure to abide by these policies may result in loss of computer privileges.

Adopted by The Board of Trustees 11/14/2022, 11/12/2025
